

## Statement Regarding REACH and Rohs Regulation

Disposable Instrument Co., Inc. is deeply committed both to the environment we all share and to our customers' needs for compliance to appropriate environmental regulations and directives. We have deeply examined these issues and have high confidence in our understanding of the requirements for compliance.

The majority of our products are composed of various stainless steel or aluminum alloys. While some of these materials contain small amounts of regulated materials, their content is completely in compliance, with European Union (EU) Directive 2011/65/EU (June 8, 2011), which defines restrictions on hazardous substances (RoHS).

With regard to European Union (EU) Directive 2011/65/EU (June 8, 2011) on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS), to the best of our knowledge and belief Disposable Instrument Co., Inc., products are in compliance with the directive.

Disposable Instrument Co., Inc. states that all of its products meet REACH Regulation (EC) No 1907/2006. The product(s), as well as any articles contained within the product(s), **DO NOT CONTAIN** any of the 219 REACH SVHCs as updated by ECHA on July 8, 2021 (<http://echa.europa.eu/candidate-list-table>) in concentrations above 1000PPM.
